Mission: Creating Healthy Communities (CHC) is committed to preventing and reducing chronic disease statewide. Through cross-sector collaboration, we are activating communities to improve access to and affordability of healthy food, increase opportunities for physical activity, and assure tobacco-free living where Ohioans live, work and play. By implementing sustainable evidence-based strategies, CHC is creating a culture of health.

Commitment to Equity: Health equity is achieved when all people in a community have access to affordable, inclusive, and quality infrastructure and services that, despite historical and contemporary injustices, allows them to reach their full health potential.
