

## COVID-19 Information for Job Seekers

### Connecting Ohioans to Needed Positions for COVID-19

***The Governor's Office of Workforce Transformation has worked in partnership with Development Services Agency (Development) and Jobs and Family Services (ODJFS) to launch a new job search site to help connect essential businesses with those who are ready and able to work today.***

There are tens of thousands of jobs that are open across the state right now – during the COVID-19 pandemic– that are essential to keeping industries like healthcare, food service, and transportation moving.

- Visit [Coronavirus.Ohio.gov/JobSearch](https://coronavirus.ohio.gov/JobSearch) to look for or to post a job.
- You will then need to select if you are an essential business or a job seeker to continue.
- If you are looking for a job:
  - Select “Find Jobs Near Me.”
  - Search for jobs by your city, region, or statewide.
- If you are an essential business trying to hire employees:
  - Select “Post Job Openings.”
  - Before a company can submit job openings to the site, they need to first confirm that they are emphasizing proper hygiene, sanitation and distancing practices in compliance with the Ohio Department of Health and Center for Disease Control Recommendations.
